According afterschool Alliance,

"School-age kids spend 80 percent of their waking hours outside of school. Afterschool and summer learning programs provide transformative learning experiences in unique settings that help young people discover what they love to do and reach their full potential."

ICCD STEM with Mr. Charlie

- ⇒ We provide opportunities for academic enrichment, including providing tutorial services to help students, particularly students who attend low-performing schools in our community, English as a Second Language students, and those referred from local schools. Our students come from CCS, KCS, Charter schools, Homeschools and less that 3% from nearby counties.
- ⇒ ICCD mentors provides invaluable opportunity and share their knowledge and expertise with the students who need it most.

Students who regularly participate in ICCD afterschool and summer programs:

- ⇒ Are excited about learning and engaged in activities that promotes learning –such as our
 - ◇ Educational field trips
 - ◇ Computer Coding/Robotics
 - ◇ Gardening project at ICCD (how things grow)
 - ◇ Health and Wellness (Bee Healthy ~ Bee Happy)
 - ◇ Sporting activities - Tennis, soccer, basketball challenge etc.
