

2026 ICCD Summer Education & Enrichment Programs

June {Junio} 08 - July {Junio} 25, 2026 * **Monday -Thursday 8AM - 3PM**

Theme: Exploration, Innovation & Service

Exploration: Students dive into hands-on learning, field experiences, and real-world problem-solving that spark curiosity and discovery.

Innovation: Youth design, build, and create through technology challenges, leadership projects, and the arts to develop forward-thinking skills.

Service: Students grow in character and community through service-learning, mentorship, and civic engagement rooted in ICCD's values.

ICCD offers a fun and interactive summer program for school age children. This program is designed to keep each child's body and mind active by engaging in educational and Enrichment activities that include, real world problem solving, project-based learning, STEM mentoring in collaboration with US Department of Defense and other local organizations.
